

Conduct-O-Mesh Tape

ECS5 Series

ECS5 is available in Monel or SnCuFe (tin-plated, copper-clad steel) wire. ECS5 Mesh Tape is used for wrapping cable assemblies and provides excellent shielding characteristics. ECS5 Mesh can be purchased as a double layer knitted wire mesh tape.

ECS5 MESH AVAILABLE CONFIGURATIONS

ECS5 Knitted wire mesh tape is available in 25 foot, 50 foot and 100 foot rolls.
